# THE *SAAT RASTA* PROJECT

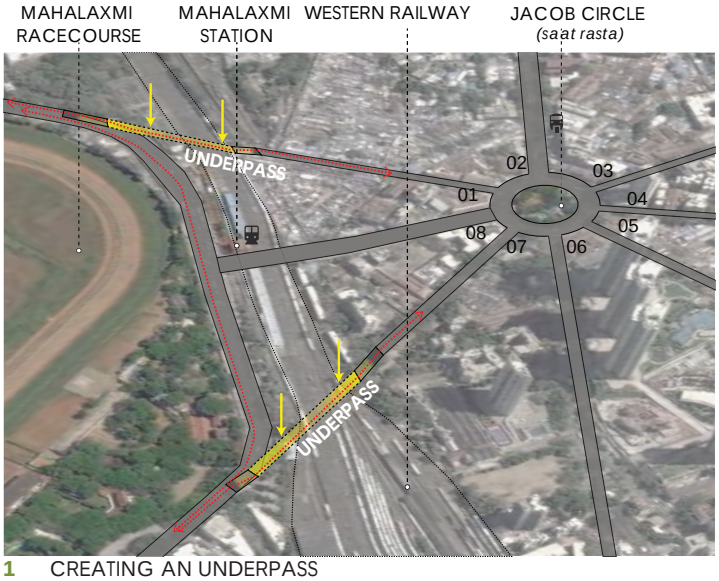

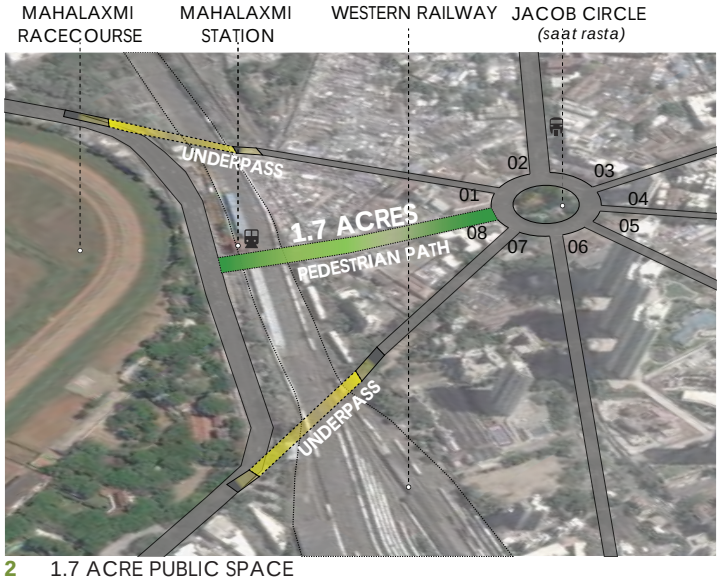

**THE *SAAT RASTA* PROJECT**

2 underpasses (1 & 2) are proposed towards Jacob Circle(saat rasta) to decongest traffic coming from Dr. E Moses Road. The currently over congested Bapurao Jagtap Road(3) is turned into a pedestrian-only space. Along with a smoother traffic flow, the pedestrianization of this road will add 1**.7 acres** of public space and affect the **500 000 passengers*** that travel to and from Mahalaxmi station daily. It will also connect the proposed Monorail station to the Mahalaxmi station.
